APPLY

Choose your number and hit apply

i 1. Tree Purchase

Build a list of the trees in your rebate.

- 1** Please select the Tree Type from the list or if not on the list enter the type on the right:

Select Tree Type

Enter the date purchased and installed, the cost per tree, and how many of this type:

Date Purchased *

\$ Cost per Tree *

Number of this type of tree

- 2** Click the ADD button to add this tree to your list:

Add Tree to List

- 3** REPEAT Steps 1-2 for each type of tree in your rebate application. When complete move on to the next section below.:

Plant Common Name (and Scientific Name)	Date Purchased	Date Installed	Requested			Adjusted		
			Number	Cost	Calc. Line Total (25%)	Number	Cost	Calc. Total (
					0			0

Latin name goes into tree type

Put in the total amount from your tree rebate form, minus the total cost of mulch

OR if you have more than 1 tree divide the total cost by the number of trees you got. Minus the cost of mulch. Then put that result into the Cost per tree

Put in Date and the number of trees of that species that you got

Click add tree to list

Repeat for all the different species of trees you got.

This is how it should look for example

Build a list of the trees in your rebate.

1 Please select the Tree Type from the list or if not on the list enter the type on the right:

Select Tree Type

Enter the date purchased and installed, the cost per tree, and how many of this type:

Date Purchased *

\$ Cost per Tree *

Number of this type of tree

2 Click the ADD button to add this tree to your list:

3 REPEAT Steps 1-2 for each type of tree in your rebate application. When complete move on to the next section below.:

Plant Common Name (and Scientific Name)	Date Purchased	Date Installed	Requested			Adjusted			
			Number	Cost	Calc. Line Total (25%)	Number	Cost	Calc. Line Total (25%)	
Redbud (Cercis sp.)	01/01/2000		1	238	59.50	1	238	59.5	Delete
					59.5			59.5
