

CLIMATE-READY TREES

Planting a Tree? Select from our list of trees that thrive in our high desert environment!

Navajo Nation, Truth or Consequences, Alamogordo, or Las Cruces

LARGE TREES (APPROX. 50+FT)

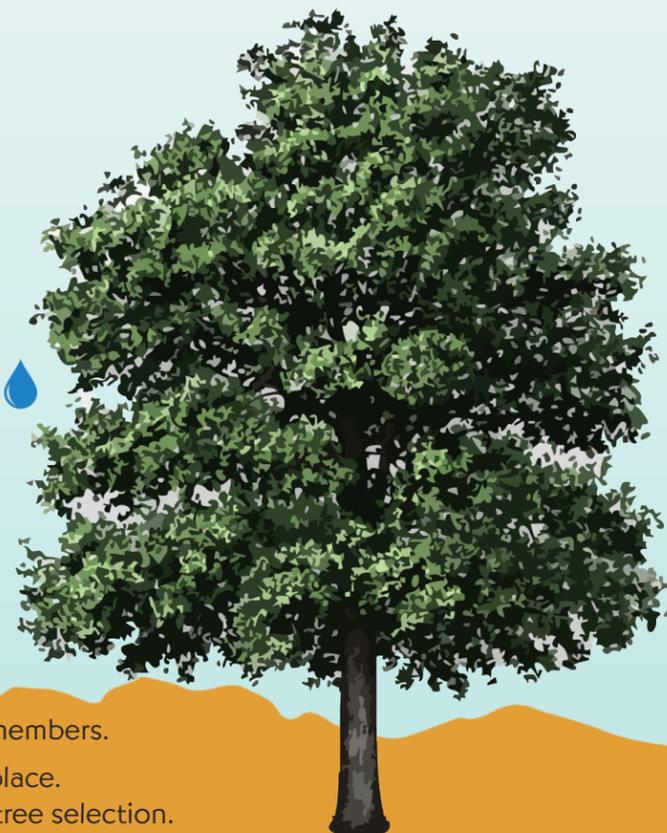

- Afghan Pine (*Pinus eldarica*) 💧
- Chinquapin Oak (*Quercus muehlenbergii*) 💧💧
- Common Hackberry (*Celtis occidentalis*) 💧💧
- Lacebark Elm (*Ulmus parvifolia*) 💧💧
- Southern Live Oak (*Quercus virginiana*) 💧

MEDIUM TREES (APPROX. 30-50FT)

- Chinese Pistache (*Pistacia chinensis*) 💧💧
- Honey Mesquite (*Neltuma glandulosa*) 💧
- Mexican Sycamore (*Platanus mexicana*) 💧💧💧
- Texas Red Oak (*Quercus buckleyi*) 💧
- Cedar Elm (*Ulmus crassifolia*) 💧💧

SMALL TREES (LESS THAN 30FT)

- Desert Willow (*Chilopsis linearis*) 💧
- Fig (*Ficus carica*) 💧💧💧
- Golden Rain Tree (*Koelreuteria paniculata*) 💧💧
- Screwbean Mesquite (*Strombocarpa pubescens*) 💧
- Mexican Elderberry (*Sambucus mexicana*) 💧💧

These are just a few suggestions based on local expert opinions from Alliance members. Tree selection depends on many site factors to plant the right tree in the right place. Visit <https://www.arborday.org/planning-selection-location> for more input on tree selection.
